Notice Concerning Recognition of Extraordinary Income (Gain on Sale of Investment Securities) and Revision of Six-Month and Full-Year Financial Result Forecasts

NIPPON CONCRETE INDUSTRIES CO., LTD. (the “Company”) hereby announces that, as a result of the decision to sell a portion of its investment securities, it expects to record gain on sale of investment securities. The Company also announces that it has revised the consolidated financial result forecasts for the six months ending September 30, 2026 and the fiscal year ending March 31, 2027, which were announced on May 15, 2026. The details are as follows.

1. Recognition of extraordinary income (gain on sale of investment securities)

(1) Reason for sale of investment securities

To reduce cross-shareholdings

(2) Content of sale of investment securities

(i) Shares sold:	One type of listed securities held by the Company
(ii) Sale period:	August 2026
(iii) Gain on sale of investment securities:	This is expected to be approximately 1.9 billion yen.

(3) Impact on business performance

The approximately 1.9 billion yen in gain on sale of investment securities mentioned above is expected to be recorded as extraordinary income during the three months ending September 30, 2026.

(4) Outlook

Based on the “Medium-Term Management Plan 2024” announced in May 2024, we are aiming to reduce cross-shareholding by appropriately 2 billion yen. The sale of investment securities is in line with this policy.
